Report of the activity

Department of Biochemistry conducted an awareness programme on life saving skills- 'Life Saver Rotarian' aiming to enrich the minds of the student community with the basic life saving skills. It is also aimed to provide students with the opportunities to learn by hands on experience. The programme was an initiative by The Helix, association of dept of biochemistry SSC Kalady associating with A Rotary club of Cochin Metropolis initiative in association with Aster medcity, Organized by Rotary club of Cochin smart city and Rotary club of cochin metropolis.

Outcome of the activity

- To enrich the minds of the student community with the basic lifesaving skills.
- To provide students with the opportunities of experience learning by hands-on training session.
- Students and teachers of various departments could learn the basic life saver skills like CPR, choking emergencies, Heimlich Maneuver, usage of automated artificial defibrillator etc.
- The audience was divided into 6 groups and Aster team assisted each group for hands on training using dummies.
- The overall session was highly informative, effective, and inspiring
