Report of the activity	<p>Department of Biochemistry facilitated a hands-on workshop on 'Computational Tools In Drug Designing' under the guidance of Dr. Showmy K S, Assistant Professor, Department of Botany &amp; Computational Biology, St. Aloysius College, Elthuruthu, Thrissur. The programme was held at Computer Lab, Sree Sankara College, on 06 March 2024, under the financial support of Sree Sankara College IQAC SMART SCHEME. The hands-on workshop on 'Computational Tools In Drug Designing' provided a comprehensive exploration into the practical experience in utilizing computational tools for drug discovery and design. The workshop aimed to bridge the gap between theoretical knowledge and practical application in the field of pharmaceutical research.</p>
Outcome of the activity	<ul style="list-style-type: none"><li>• Students developed hands-on proficiency in using computational tools for drug designing</li><li>• The workshop ignited enthusiasm and passion among participants for computational drug design.</li><li>• The workshop fostered collaboration and knowledge exchange among students, paving the way for future advancements in pharmaceutical research.</li></ul>
