

SREE SANKARA COLLEGE KALADY

RE-ACCREDITED BY NAAC WITH B++ GRADE

Affiliated to Mahatma Gandhi University, Kottayam

Certificate Course in Vermicomposting Skill Development Programme Under UGC-NSQF

ACTIVITY BASED CLASSES

DURATION 6 MONTHS

NO AGE LIMIT

MoU WITH PARAVUR MUNICIPALITY

MINIMUM QUALIFICATION PLUS TWO

ABOUT THE PROGRAMME

Vermiculture is the process of cultivating earthworms to decompose organic food wastes into nutritive manure called vermicompost used in organic farming. Through the course, the students will acquire holistic knowledge in rearing of worms, composting techniques and **special training in Organic Farming**. Considering the existing scenario of Covid lockdown, loss of job to many, exodus of NRIs to our State, farming sector will get significant focus. Organic farming is getting momentum all over. So many people will turn to agriculture and other farming practices. A vocational certificate course will be an added advantage to the aspirants.

PROGRAMME STRUCTURE

- Techniques for producing good quality vermicompost
- Construction of vermicompost pit
- Vermibed preparation
- Compost packing process
- Preparation of Vermi-wash
- Organic Farming
- Field Visit

Course Fee - 2000/-
Last Date of Application
26/11/2020
