

Sree Sankara College, Kalady

Affiliated to Mahatma Gandhi University, Kottayam

GRADUATE ATTRIBUTES (PROGRAMME OUTCOMES)

Programme Outcomes – PG

At the end of a Post Graduate Program, students from Sree Sankara College, would have:

PO 1: Expertise in the Discipline

Students are expected to develop a passion in their chosen discipline and nurture their expertise, and will be able to integrate the knowledge acquired for innovative developments.

PO 2: Capability to function in multidisciplinary Domains

After post-graduation, the student should be equipped to work and research in multi-disciplinary and interdisciplinary domains to develop innovative and socially benefitting technologies and outputs.

PO 3: Develop Research Intelligence in investigations and Innovations

Students are expected to develop the expertise and intelligence to do investigations and productive discussions in their core discipline towards further development of the subject.

PO 4: Acquire Professional Ethics and Social Commitment

Students should evolve as matured candidates with the potential for future professionals with Work Ethics and Social Commitment.

PO 5: Passion for Self and Life-long learning

Students should nurture a passion for self-learning in order to evolve as masters in their subject. They should also have a determination to be a life – long learner, which is essential for professional development as well as social benefits.

PO 6: Capacity to manage diverse domains with a Global Perspective

Students should evolve as global citizens who are confident enough to manoeuvre whatever domain they are put into work, with a wider perspective.
